

BLM Office of Fire and Aviation (OFA)

Mission Statement

The Office of Fire and Aviation provides national leadership in policy, standards, budget, operational oversight, coordination, and field support in order to ensure safe, effective and efficient fire and aviation operations in support of the BLM mission.

Our guiding principles are:

- Enhance the health and safety of our employees, cooperators, and the public in our decisions and actions
- Provide competent, transparent leadership
- Provide timely and responsive support to all customers
- Utilize the best available science when establishing policy and conducting operations.
- Include consideration of social, scientific and economic principles in all decisions.
- Develop professional employees with world-class expertise.
- Actively support interagency cooperation and collaboration at all levels of the wildland fire and aviation community
- Support and enhance interdisciplinary coordination at all levels within the BLM
